

Epping Line

Welcome to Metro

We currently transport around 400,000 people every day, keeping them connected to work, school, family, friends as well as Melbourne's major events.

Having an efficient and responsive timetable that meets the demands of Melbourne's growing population is paramount and the June 2010 timetable sees 211 new and extended weekly services added, and the opening of a new train station at Coolaroo.

But adding extra services doesn't happen without considerable planning and preparation.

We're delivering new train maintenance facilities, building 'turnbacks' that enable trains to start and finish their journey halfway along lines, hiring more drivers and enhancing the reliability of power supplies to power the trains.

The foundation of a true Metro-style operation is a simplified timetable, with less variance in stopping patterns, and more evenly spaced services.

In order to run more trains in and out of the city during the peaks we have to change stopping patterns on some lines to make services more evenly spaced. We're also altering the way that some services use the City Loop, to reduce the bottlenecks that occur when 15 train lines converge.

Step by step, we will be transforming the network into a 'Metro' style operation so that we can transport more people, more often, with fewer cancellations and less delays.

But this major transformation is not an overnight process. It takes time to do an important job, and do it well.

Our first priority is to get the basics right by reducing equipment faults that cause delays and cancellations and enhancing our customer information.

We'll spend \$1.8 billion of Government investment over the next eight years on maintenance and upgrades that focus on improving our trains, overhead lines, signalling and tracks.

We are committed to building a 'proud railway for everyone, everyday'. We invite you to come on the journey with us.

A handwritten signature in white ink, appearing to read 'Andrew Lezala', with a horizontal line underneath.

Andrew Lezala
Chief Executive Officer

Timetable changes

Changes to weekday services:

Departure and arrival times of some services have been altered. Check this timetable or station monitors for details and please take note of stopping conditions.

City stations platform details

Epping line	
Station	Platform
Flinders Street	All trains depart platforms 1 and 14
Southern Cross	All trains depart platform 9
Melbourne Central, Parliament and Flagstaff*	All trains depart platform 1

*Flagstaff closed at weekends and public holidays.

Local premium stations

A premium station is staffed from first to last, seven days a week. The network map in this timetable shows which stations have premium status. For your local premium station number, please call Metlink on 131 638 and ask for the relevant premium station you require.

Flinders Street Station

It's important to note that all services begin and end at Flinders Street Station.

This timetable indicates times that some services depart from other City Loop stations, however, this is to be used as a guide only. To keep as many trains running on time as possible, service destinations may alter at Flinders Street Station so it's important to always check that your service hasn't changed once it reaches Flinders Street Station.

On the concourse at Flinders Street Station is the Customer Information Centre. The friendly staff here can help you with all travel enquiries.

Hours of operation

Train services normally operate from 5am to midnight Monday to Saturday, and 8am to midnight Sunday. Extra late-night services are scheduled between 12.30am and 1am on Friday and Saturday nights, excluding public holidays.

Public holidays and special events

On public holidays train services run according to the Saturday timetable, with the exception of Christmas Day and Good Friday when they operate to the Sunday timetable.

Additional services run for major events across Melbourne, including AFL and other sporting matches, the Spring Racing Carnival and music festivals. For details on these services visit metrotrains.com.au or call Metlink on 131 638.

Network improvements

Improvement works are an important part of maintaining and improving the Metro network. Maintained tracks means trains will run more smoothly, you'll enjoy a more comfortable ride and your journey will be more reliable.

Sometimes during improvement works it's necessary to close sections of the network to get the job done quickly and safely. Most closures will occur during evenings or across a weekend to minimise any inconvenience. When a section of the track is closed, replacement buses will be organised.

While your journey may change, you will be kept informed. Keep an eye on station posters or visit metrotrains.com.au for details of upcoming network improvements and to sign-up for email updates on improvements to your regular journey.

Accessible travel

Ongoing efforts are made to meet the access needs of all customers. Details on facilities for accessible travel are detailed at metrotrains.com.au

All trains provide wheelchair access. You can board trains from the dedicated access points marked on platforms with a white or yellow rectangle. The driver will assist you on and off the train via a ramp. Simply ensure you are in position at the access points ready to get on when the doors open and inform the driver of your destination.

Travelling with prams and children

The following safe travel tips will help you when travelling on the train with a pram and/or children.

- Always stand behind the yellow line as the train is approaching or leaving the platform.
- It is recommended that you travel in one of the front carriages where the driver has the best view of customers getting on and off. When getting on push the pram into the carriage ahead of you. You may need to lift the pram into the carriage as not all platforms are level with the train.
- To ready yourself for getting off at your station, where possible select a seat or location closest to the doors. When getting off, step out first and then pull the pram out backwards after you.

Travelling with bicycles and surfboards

Bikes can be carried on all services. Customers are requested to avoid heavily congested carriages or services, and to consider the comfort and safety of others.

Customers with bikes must not travel in the area behind the driver's cabin in the first carriage of the train as this area is reserved for customers travelling with a mobility aid.

Folding bikes are permitted in any part of the train if they are folded up, inside a bag or case. They should not be placed on a seat. Surfboards can also be taken on trains but should not be placed on a seat or obstruct other customers.

If your service is replaced by a bus, rules of travelling on a bus must be adhered to, which means you won't be able to take either a bicycle or surfboard.

Many stations have bike lockers or bike cages available. For more information on this visit metrotrains.com.au

Travelling with pets

Guide dogs, hearing guide dogs, guide dogs in training and animals with an Assistance Animal Pass can travel for free on trains.

Dogs on leads are permitted but only if they are muzzled. Small animals can travel on trains but they must be in a suitable container.

The Assistance Animal Pass has been developed to help people with an ongoing disability (including issues relating to ageing and psychiatric illness) who are unable to use public transport without an approved assistance animal. For more information or to apply for the pass visit metlinkmelbourne.com.au or call 131 638.

Safety on the network

The safety and security of customers is paramount, therefore no corners are cut – anywhere. At Metro, this includes the safety of the trains on the network, the personal safety of customers and staff on trains, at stations and between intermodal connections at stations and car parks.

Metro works closely with the Victorian Police Transit Safety Division and local police units to ensure stations and trains are safe environments. Personal safety is being enhanced through Closed Circuit Television (CCTV) surveillance on trains, platforms and in station car parks, increased energy efficient lighting, public telephones in operating order at all stations and a heightened presence of staff and Transit Police.

Every platform is fitted with a red emergency intercom button, which allows customers to speak to staff to gain immediate assistance in an emergency situation. Drivers also play an important role in communicating any major on-board issues to Metrol (the train control centre) while new and refurbished trains also feature CCTV and emergency help buttons to enable customers to speak to the driver directly.

Travelling with the right ticket

Melbourne is progressively moving to a new ticketing system called myki. While this is happening, you may notice two types of ticketing equipment operating across the public transport network.

myki is only valid for travel on Metro train services and V/Line services in Zone 1 + 2 to Melton and Sunbury. If you are connecting to or from a tram or bus service you should continue travelling with a Metcard.

For train, tram and bus information call 131 638 (TTY 9619 2727) 6am – midnight daily or visit metlinkmelbourne.com.au

For more information about myki visit myki.com.au or call 13 6954 (13 myki).

Travelling on concession fares

Whenever you travel on a concession fare, it is important to carry the correct entitlement. Failure to produce your valid concession card on request from an Authorised Officer may result in a fine.

You can travel on a concession fare if you are aged 16 years or under or carry a valid concession card. Children aged three years and under travel free. Visit metlinkmelbourne.com.au or call 131 638 for information about accepted concession cards.

Ticket refunds and replacements

myki

Most refunds, reimbursements and replacements regarding myki will require an appropriate application form to be completed. These forms are available at myki.com.au, by calling 13 6954 (13 myki), from premium stations, the MetShop and selected myki retailers.

Metcard

For refunds or replacements of Metcards, call the Metcard Helpline on 1800 652 313 or download the Metcard Refund/Replacement Application Form from metlinkmelbourne.com.au

Please note: We will make every effort to operate to published services, however, we are not responsible for errors in published services, delayed or cancelled services and cannot guarantee connections.
